MYSORE P. W. DEPT.

—:0:—

TO THE DEWAN OF MYSORE

for Orders.

—:0:—

I beg to submit the enclosed note dated 27th June 1899, by Capt. Lothmiere about securing the services of Mr. J. Hunter, Sub. Engineer, Military Works Dept, as Resident Engineer for the Cauvery Power Installation; and to enquire whether you approve of the terms on which it is proposed to employ Mr. Hunter. If so, application will at once be made for his services being lent to the Mysore State from 1st Dec. next.

11 It is probable that the plans of Power House will be received about that time, and the work is one of great importance, and will require the most careful supervision. Mr. Hunter will

will also have to superin-
-tend the construction of the
new Locks and buildings, and
any Stores, Workshops &c
that may be required, and
these will probably be kept
in hand about 1st Oct.r 10

I am Gentlemen, Yours
Resp.y to Sir, Royse, Pitt.
7.11.97.

The Ch Engr Mysore.

As suggested by you I had an interview last evening with Mr. J Kunhi Asst Engineer in the Dept., & sounded him as to his willingness to accept the post of "Resident Engineer" Cauvery Power installations.

I am glad to say he would be pleased to accept, & the terms of his services can be obtained from the G of I.

I consider we cannot do better than endeavour to secure Mr. Kunhi's services, as from my long experience of his work, I place his qualifications as well suited to the post in every way.

Re Mr. Kunhi's salary as is prepared to accept ~~I consider~~ that suggested by you, i.e Rs 600 per month. the G of Mysore to pay his leave & pension contribution.

As Mr. Kunhi will have to live alone his family remaining

in Bangalore & as I expect his annuals will require high pay to live in such a costly place, & also the carriage of his stores will be high I would propose a local allowance of Rs 100 p.m. to him, the same as granted to the S.S. Mani Kandan. He would also draw S.S's T.A.

Regarding the procedure to be followed in obtaining his annuals (only for 3 years,) The Foreign Office might be addressed & requested to obtain the necessary sanction as a special case & on as regards his studies in the special terms, considering the importance of the post he will occupy.

27/6/99

4 8th March

My Dear Dewar

With you kindly write
the matter about the Hunters'
appointment. Capt Johnson
leaves here for Calcutta on 13th
& if he succeeds in getting the
whole affair, he must take
Ser Sanders & Hunters appointment.
I think it may admirably do

Often should be a European
to deal with the American
who will come over to direct
the plans.
In any case I do not know
of any Local Office who can
be of service for that, & the
best advice is necessary to be
had on from outside.

Yours truly
Jas Campbell

Confidential

Loan of Mr. Hunter's Services -

I append previous ref^ce of) Nov last -

This is a Connect matter. -

What wd most strongly ~~with~~ weigh with me in getting this new officer is the fact that Capt^n de Lotbinière asks for him and he knows best the kind of man he wants for the work.

But there is Sure to be Some discussion abt the need for this importation & I should like to be able to give proper grounds for it.

The ground stated, in the ~~present note~~ letter attached, that the present permanent D.P.W. Staff of Engineers are already fully employed is not sufficient - For,

Our D.P.W. Budget grants for the next few years will be far below The grants of this & last year, and we would not have sufficient work for On the Ordinary D.P.W. for the whole of our Staff - The Budget Grant for 1900-1901 must be cut down to 25 lakhs (including maintenance)

+ instead of 31 lakhs this year & last year

& the funds req^d for the Electrical Scheme
W^h are additions. Vide last para
of Enclosed memo.

Our Engrs. of the 4^th class W^d. naturally
feel the imposition of an outrider on Rs 500/
as a grievance. In this class there are
Some Officers officiating on the Grade
Salary of 250 + 80 = 330 and Some
of them have Special qualifications
and are men deserving of Encouragement

Do you think that there is not any Officer
in our 4^th Class E.E. or Elsewhere in our light
fit for ~~Charge~~ the works at Sivansamudra.
If you say so, there is no further discussion
req^d I shall ~~Solicit~~ take needful
action to obtain the loan.

From

The Secretary to the Government of Mysore

To

The Secretary to the Government of Mysore
General & Revenue Depts.

Sir,

In connection with the Cauveri Power Transmission Scheme which has received the approval of the Government of India, I have the honor to request that the Resident may be addressed with a view to procure the loan of the services of Lieut Engineer J. Hunter of the Military works Department for the State.

2. It is essential that the services of an extra Engineer of Experience should be obtained in connection with this undertaking, as the whole of the Perm. P.W. Dept. staff of Mysore are now fully occupied.

3. Mr. Hunters duties would be those of an Executive Engineer, but on this work, his title would be Residential Engineer. His principal

duties would be to assist the European Experts sent out with the Electrical Plant during its erection, and to prepare all buildings and foundations etc., for the reception of the same. He would also construct the necessary hydraulic works to convey the water to the Power Station.

4. Mr. Hunter would be directly under the Superintending Engineer for the Power Transmission Scheme, who will be one of the Mysore P.W. Department Officers, appointed by the Chief Engineer.

5. It is proposed to pay Mr. Hunter Rs 500/- per mensem, and a local allowance of Rs 100 to cover cost of living at a distance from any Cantonment.

6. His services will probably be required for three years.

7. I trust that the Resident will

kindly obtain the loan of Mr. Hunter's services with as little delay as possible.

8. I enclose the usual statement of particulars. —

I have the honor to be,
Sir,
Your most obed.t Servt.
